### **TRIATHLON SCHOOL VISITS THIS WEEK**

Various international triathletes will be visiting schools in the New Plymouth region as part of the build up and community engagement around the Quality Hotel Plymouth International ITU Triathlon World Cup this coming Sunday.

In conjunction with event Community Partner TSB Community Trust, event organisers engage with the community and in particular with the children of the region, with the event and the sport of triathlon the vehicle to encourage participation in sport or recreation of any kind.

Media are invited to attend for interviews, vision and images as the athletes share their love of triathlon, stories from their globe trotting triathlon careers and travels, and thoughts ahead of Sunday's ITU World Cup races at Ngamotu Beach.

The best of these visits will be to Spotswood College on Thursday (highlighted below), when a large group of international triathletes will visit the school for the final session of the summer long Superkidz Tryathlon Series, delivered to the region by the local Taranaki Triathlon and Multisport Club.
